

THE ROE DEER TRAIL

The trail starts from the restaurant Gold above village Mushnikovo regional Road R-115. The tourists can fill the bottle with the fresh Sharri water and further on cross the river Lumbardhi and follow the trail along the meadows up to the Gornje selo. From here the trail slip's in to two different directions. The first one is through the village on the left side of the river, following the traces you can walk through Prevala meadows and end up at the recreation center of Prevala. The other path goes through the forest above the village on the right side of the river. From there, going uphill, one can gain the altitude difference and can take the southeast direction until it reaches the forest area. The final part of the trail connects to the path within the forest before it ends in the recreation center of Prevala. This trail is possible to be done as a loop trail within one day.
