#### **Fortress Trail**

Easy recreational trail starting from the old part of Tetovo - Koltuk. Moving along this trail, we are passing by two important places for Tetovo. These are the Tetovo Fortress (Baltepe) and Banjiche. The trail begins from the church of St. Nikola which is in the old part of the city and moves in a general direction towards the west. On an asphalt road we are heading to the Tetovo Fortress. After crossing the Fortress, we head westward towards the northwest entrance of the Fortress and head towards the village of Lavce. We pass along an arable land below the village and descend to the Pena River or more precisely to the springs with mineral water, Banjice. Here we cross the river, and from this place we head towards the city of Tetovo, in the direction towards east and we are going along the asphalt road on the right side of the river Pena. The trail ends in the old part of Tetovo - Gorno Maalo, near the church of St. Bogorodica.
